**A2.03.01.- Activity Card**

| | |
|---|---|
| Workshop Title | A2.03.01. 3D Design |
| Level | A2 |
| Duration | 3 hours |
| | |
| Goals | Acquiring 3D and design-oriented thinking skills |
| | |
| Workshop Outputs | 1-Acquiring 3D thinking skills |
| | 2- Learning the TincerCad design program |
| | 3-Learning the basics of 3D design |
| | |
| Required Materials | 1- Computer |
| | |
| Description of Activity | The TincerCad interface, which is an online CAD platform, is recognized, design steps such as object layering, alignment, grouping and cutting are learned, and an example of a perforated cube drawing with a sphere inside is made. |
