

A2.03.02.- Activity Card

Workshop Title	A2.03.02. 3D Design
Level	A2
Duration	3 hours
Goals	Acquiring 3D and design-oriented thinking skills
Workshop Outputs	1-Acquiring the skill of thinking in three dimensions. 2-Reinforcing three-dimensional design with various examples.
Required Materials	1- Computer
Description of Activity	Designing a castle using cutting operations, in addition to steps such as layering, aligning, grouping, and cutting, on an online CAD platform involves incorporating rotational cutting processes.
Additional Documents	A2.03.02.pdf
